

HOPE SHARED, LIVES CHANGED

One of our After Baby program clients recently received a Bible from Wiregrass Hope Group. During a visit, she shared with a staff member that she had started reading the Psalms and had been meditating on a particular chapter. She even asked if they could read it together. She expressed a deep desire to grow in her faith and had written a prayer in the back of her Bible, asking God to help her stay on this path.

A few weeks later, she returned and shared that she was beginning to understand the gospel more clearly. As she left that visit, she was thoughtfully considering what it would mean to pray and receive Christ.

As a valued partner of Wiregrass Hope Group, you help make conversations like these possible. Your faithful support is making an eternal impact. Thank you for standing with us!

Will you join us in praying for this client? Pray that she will fully surrender her life to Christ and that God will continue to reveal Himself through His Word.
