

SHARING HOPE | PROMOTING LIFE | CARING FOR FAMILIES

FROM THE DESK OF THE EXECUTIVE DIRECTOR: A STORY OF COURAGE, CONNECTION, AND LIFE

Your support of Wiregrass Hope Group goes beyond funding—it creates moments of hope, connection, and life-changing decisions.

Two of our staff recently shared a story that deeply impacted us all. A young woman was overwhelmed, heartbroken, and convinced abortion was her only path. Her world had unraveled. Lies, betrayal, and pressure from the father of her child had left her feeling alone and unsure. When she arrived for her scheduled ultrasound, she said aloud, “*I don’t even know why I came. I’ve already decided.*”

But then, something extraordinary happened.

She saw her baby. She heard the heartbeat. And in that moment, through tears, conversation, and compassion, she began to reconnect with life. Not just her baby’s, but her own. That day, she marked on her survey: ***I’ve changed my mind.***

The road since then hasn’t been easy. She has faced ongoing pressure, even drove all the way to an abortion clinic in another state before turning around and returning to us. But she chose life. Again and again. And with each visit, each ultrasound, each conversation, she grew stronger.

Today, she is doing well. She is in counseling here with one of our professionals, has moved into a new home provided through God’s hand of provision, and is preparing to welcome her child into the world.

She found hope here. Not just in images on a screen, but in voices that listened, arms that supported, and a God who never left her side.

This year alone, **70 mothers**—each with their own story, fear, and uncertainty—came to WHG abortion-minded. And they left with a new vision. **Because of your generosity, 70 babies now have the chance to live.** But the miracle doesn’t end there.

We’re committed not just to saving lives, but to **mentoring** those lives—mamas, daddies, and children—for the first two years and beyond. Our goal is to walk alongside each family until they’re rooted in a loving church community for spiritual support and continued discipleship.

That’s not just pro-life. That’s **pro-abundant life.**

Thank you for making these stories possible. For giving more than money—you give HOPE and you save LIVES.

NEW FATHERHOOD DIRECTOR

Marcus Cotton | Fatherhood Director

As the Fatherhood Director, my mission is to guide fathers into becoming spiritual leaders who can disciple their children effectively. I believe this happens best when fathers are mentored by other men who have faced similar challenges and understand the journey of spiritual leadership. While the world continues to change, God is raising up strong Kingdom Men who are committed to restoring the role of fathers—starting with loving their wives, fiancés, girlfriends, or co-parenting partners, and extending that love to their children.

Since joining Wiregrass Hope, I've witnessed a remarkable increase in salvations*. Many of these fathers are coming to recognize their need for Jesus Christ, and as His followers, we have a duty to help them grow in their walk with God and become the Kingdom Fathers they are called to be.

Marcus Cotton

*We're praising God for **7 dads** in our Fatherhood program who've recently given their lives to Christ—please join us in praying for their continued growth and discipleship.*

COUNSELING SERVICES EXPANDING

I am excited to now serve full-time as the Director of Counseling Services at WHG. I support and lead our counselors while providing biblically grounded counseling to pregnancy center clients, as well as to individuals, couples, and families dealing with life's struggles. My goal in counseling is never just to offer coping strategies or quick fixes, but to address the root of the issues and provide the right "nutrients" so that our clients can truly grow and thrive. It is God and His truth that are the ultimate source of real life and lasting transformation. I'm a helper, not a healer. My hope for all our clients is that they leave knowing Jesus—the true Healer and life-giver—more deeply and personally.

I believe that God smiles on the daily work and ministry happening at Wiregrass Hope Group. WHG is an extension of the local body of Christ, working together to serve families and individuals—not only promoting life for the unborn, but abundant life for all who respond to the good news of the gospel in faith. It's one thing to talk about the love and grace of Jesus, but it's another for people to experience that love and grace being poured out through the tangible, genuine care, conversations, prayers, and compassion of His followers. I'm so thankful to be part of this work every day!
